

DataSpeed® Laser MOCR

Guaranteed paper performance for conversion, printing & insertion

DataSpeed® Laser MOCR paper is designed for transactional documents where both laser imaging and offset print performance are required. DataSpeed® Laser MOCR is the perfect choice for guaranteed paper performance during high-speed conversion, multi-phase printing and high-speed insertion.

**Your best choice
for transactional
documents using
both laser and offset
printing applications.**

Features/Benefits

- Superior offset print performance
- Meets ANSI Type I OCR dirt guidelines
- Meets ANSI Type III OCR fluorescence guidelines
- Guaranteed paper performance in MICR applications[†]
- Guaranteed paper performance on offset and laser equipment in addition to all post-printing processes[†]
- Guaranteed paper performance in Roll-to-Roll, Roll-to-Fold and Roll-to-Sheet applications allows customers to use a single paper grade[†]
- Stiffness properties provide reliable insertion performance after offset and laser printing
- Designed for use on high-speed offset presses, laser printers and inserters
- Designed for use on leading OEM laser printers
- 24# Laser MOCR is suitable for check applications

Laser MOCR

GRADE CODE	BASIS WT* (LBS)	CALIPER (MIL)	SMOOTHNESS (SU)	BRIGHTNESS (GE)	OPACITY (%)	MOISTURE (%)
10479	20	4.0	170	92	88	4.7
10479	24	4.7	170	92	91	4.7

*Based on 17" x 22" sheet

Environmental

- Elemental Chlorine Free (ECF)
- Acid-free manufacturing process for archival properties
- Sustainable Forestry Initiative® (SFI®) certified
- Forest Stewardship Council® (FSC®) and Programme for the Endorsement of Forest Certification (PEFC) available upon request
